— Overview

Aviation is by far, one of the fastest-growing industries in India and across the world. BBA Aviation specifically teaches students the art of managing this particular industry. ABBS is ranked as one of the best B-schools in Bangalore. BBA in Aviation is an undergraduate program that specifically focuses on the basics of business communication, operations, logistics, economics, and security, especially in the aviation area. The course deals with the study of airports, flight businesses, airline management, and other aspects of aviation management. Aviation Management is a multi-disciplinary course involving management, air travel, airport management, safety, logistics and retail areas. BBA-Aviation Management Course offered by our institution is under the purview of Bangalore University. Our highly qualified faculty members, eminent guest lecturers, professors, successful entrepreneurs are well-versed in Business Administration and Aviation Management. The institution has a full-fledged placement support system, and we arrange for campus selection by reputed companies.

— HOD's Message

Mr Joswa Stalin S

MBA, PGDHRM, B. Ed

Welcome to the department of Aviation Management at Acharya Bangalore B-School, Bengaluru. Aviation management is the ability to manage the workflow related to the airline, airport or aviation industry. We at ABBS aims to train competent personnel to oversee the quality, control and safety of all necessary operations-based activities, especially marketing, finance and accounting in the aviation sector, such as airline, airport, ground handling, shipment management. Apart from Academics students are given opportunities to explore the industry through Industrial visits to various Airports, Student Presentation on Aviation Topics, Case Study Analysis & so on. I wish your years at ABBS to be very fruitful for you.

Objectives of BBA Aviation course at ABBS
